Dear Interview Committee,

I am writing to recommend Sarah Miller, whom I have known for 3 months, as an amazing teacher for your school. During the time she worked with me as a student teacher, she showed an exceptional ability to grasp concepts quickly and had a natural rapport with her students. She was well prepared and ready to work each day and worked tirelessly to keep the lessons engaging and focused.

Ms. Miller excels at working with children who are challenging and need special attention. She is patient beyond measure, well organized and strives to provide the best instruction possible to meet the needs of her students. Throughout her time with me she showed an incredible giftedness for building relationships with her students. She daily showed them tremendous respect, even when they were not doing the same to her. She works hard to maintain a professional and personal relationship with those of us who have the pleasure to work with her. She is a wonderful teacher who will work hard every day to do her best for you and her students!

I have no doubt Sarah Miller would be a valuable asset to your school and I give my highest recommendation. You will greatly enjoy working with her. If I can provide any further assistance, do not hesitate to contact me at 540-836-0887 or rhenry@waynesboro.k12.va.us.

Sincerely,

Rachel Henry
